Cowan Commercial club meeting notes

Excellent Q&A by Allen Wilkinson. Topics addressed included Business checks by officers throughout the day and night, Non-emergency number to call is 931-967-2331 or 931-967-8811, Speeding on main road brought up by Tom Buck, Cost of a radar sign around \$2,885, Paul to look into getting a grant for one to help reduce speeds, Jarod asked the question to quell a historically repeated rumor that the police were told not to enforce the law and Allen and the other officers were quick to dispel that rumor. Amanda asked about yield to pedestrian signs for both sides of the crosswalk, Allen said it was possible.

TBH to replace Kiosk in park in 8-10 weeks. Also, civil war trail association to update their kiosk. The kiosk stored at Monterey needs to be brought back to the park on the museum side.

Ribbon cutting in the future for SRM Concrete.

Jarod created a nice trifold brochure with commercial club members business details, asked for revisions and additions asap. Plans to have it completed by the next meeting.

Next Meeting set for July 19th at Los Amigos.
